

Mp3 Scott Miller - Acoustic Latte

[DOWNLOAD HERE](#)

Acoustic based instrumental coffee-house feel music. 8 MP3 Songs EASY LISTENING: Background Music, BLUES: Acoustic Blues Details: Ive always enjoyed live background music at coffee shops, and hopefully this music echoes that style. Each of these songs began as simply an acoustic piece. The other instrumentation was added later in the studio. Try listening to this cd while driving one hand on the wheel, coffee in the other hand and cell phone inactive. Hopefully youll find yourself not intently listening to the songs, but being distracted from the pressures of the day and thinking about pleasant things. After all, isnt that one reason we enjoy coffee so much? Its a brief smell the roses break spent alone or with others, reminding us that life is more than busyness. Hope you like it a latte. Majority of proceeds for this album are being contributed to my home Church.
