Coming straight from the heart, a dazzling flowing style at the piano combined with lovingly recorded water sounds and canadian bird songs make this piano solo CD an exceptionally powerful calming and soothing daily companion. 10 MP3 Songs NEW AGE: Meditation, NEW AGE: Ambient Details: Serge lives in British Columbia Canada, on the banks of the world famous Bulkley River. He is an avid fly fisherman and musician...The water inspires most of his improvisations. In his words: " I chose to call this album "Enchanted River" because there is something magical about the way the water brings up these improvised melodies. There is alos of course true magic emanating from the sound of water, from the songs of birds...This is essentially why I thought about combining them with my own music..." This particular CD features flowing water sounds and bird songs Serge himself recorded lovingly and patiently . There is a special quality of spiritual awareness that exudes from this genuine work of love. When you listen to this music, you can feel it's unique serenity seep into your consciousness. It leaves you refreshed, relaxed, free of anxiety and fully recharged. To be listened to daily!
