Mp3 Sonoprint - Planetary Motion

DOWNLOAD HERE

Space music for the new millennium. This album is an incredible mix of choirs, hammering percussions, delicate piano, spacey guitars, soft synth technology and analog favorites. Take an amazing electronic trip into the vast heart of science and space. 11 MP3 Songs in this album (60:00)! Related styles: NEW AGE: Space, ELECTRONIC: Soundscapes Details: Planetary Motion is the second Space Music release by sound designers Sonoprint, and sequel to the popular release Ambient Space. Planetary Motion does more than just pick up where 'Ambient Space' left off however. This album is an incredible mix of choirs, hammering percussions, delicate piano, spacey guitars, soft synth technology and analog favorites. Smart, deep and technical. It is an amazing trip into the vast heart of science and space! "Great space sounds, excellent work." - WVKR radio. "This album is incredible, it sounds like a cross between Jarre's upbeat 'Revolutions' and Michael Sterns' 'Encounter'." - Spacestation.
