Traditional Gospel done in a contemporary style of rhythmic acappella harmonies. 12 MP3 Songs

GOSPEL: Traditional Gospel, GOSPEL: Contemporary Gospel Details: I am a gospel artist who produces music, acappella style. I sing and vocally produce all the musical parts in my songs. All the music and sounds in my albums have been produced by THE HUMAN VOICE and ANATOMY. The human anatomy is used to produce percussion sounds such as clapping, finger-snapping, beatbox sounds and vocal percussions. The songs on this CD are all classic Gospel songs we have grown to love through the ages. Most of them can be found in the regular church hymnals and song books. I have given a different flavor to them while at the same time keeping the original mood and most of the tune penned by the authors. I hope that they will bless your life in some way as they have blessed mine in singing them.
