

# Piano Music For Beginners: Final Fantasy \*huge Repertoire!\*

[DOWNLOAD HERE](#)

The series began in 1987 as an eponymous video game developed to save Square from bankruptcy; the game was a success and spawned sequels. The video game series has since branched into other genres such as tactical role-playing, action role-playing, massively multiplayer online role-playing, and racing. Today is a LEGEND! Finally you can enjoy and play its music by yourself and feel pleased with that, for real!
