Well if you are, Im willing to bet that your response rate could be a lot greater if you offered online HTML newsletters! HTML newsletters are simply the best way to produce your issues - hands down! Whether you are a complete newbie who has no idea how to write .html code or a seasoned professional who needs more time....this new software package will knock your socks off! Introducing...eZine Machine V.1 .. Brand New Software For Easy HTML Newsletter Generation! Newsletters are powerful marketing vehicles that can build your customer base,

sustain contact with clients, promote your products, AND establish your online credibility. The newsletter is one of the most effective promotional tools in your e-marketing mix and it costs little - or nothing - to implement. Average webmasters who may not know how to write eye-popping HTML newsletters miss out on the many advantages that more advanced webmasters experience simply because they do not have the technical knowledge necessary to do otherwise. This simply just isnt fair for the little guy and I have set out to change it! I mean, Why let all of the big guns have all of the fun? By releasing eZine Machine V.1, Im offering you a way to write eye-popping HTML newsletter issues on the fly-- without HTML knowledge!! Simply choose which template youd like to use, enter your personal information and let the software do the rest! The top 5 reasons for offering an online HTML newsletter....

- * The more words in your eMails, the greater the chance that the spam filters will send it straight to the trash can - bad news for you!
- * People are tired of boring black and white eMails with tons of text! They simply just dont read them anymore!
- * HTML newsletters are archived and indexed on search engines because they are actually web pages on your server. They will in fact INCREASE your web site traffic.
- * HTML newsletters give you a way to present your material in a creative, attractive, and fun way to your subscribers.
- * Its not a secret that eMail is being filtered by the billions today. With this new software, any webmaster can create, print, and display their own attractive, well-designed, html newsletters in a flash!
