A bunch of big kids teaming up with potatoes, performing wildly unique, Indie, Nashville Based, Kid-Centric Rock and Roll. 15 MP3 Songs KIDS/FAMILY: Children's Pop, KIDS/FAMILY: General Children's Music Details: Adam and the Couch Potatoes is a rock and roll band which plays music about and for hip parents and their young kids. Musically, they reference many genres and styles of Rock - often with thick 4 part harmonies, exciting instrumentation featuring brass and fiddle, and often an homage to Beatles-esque, pop-formula hooks! Lyrically, many of their songs are written from the first person perspective of children -the nuances of which are fairly unique in the kids music industry. Stylistically, they appear as the ideal and coolest big kids around -bright colored vintage garb, authentic enthusiasm, and in addition to playing kids' rock they perform juggling, employ puppets, and even use magic to make for a truly imaginative live show. And in concept, the band weaves stories and characters based on a magical and mythical land of Potatoes (or...Potato Land). Each of these characters is unique in name, voice, interests, and personality traits -and sing all over their upcoming, debut release: 'One Size Fits All...!' Expect big things from these big kids and their wild and crazy potato friends...! People who are interested in The Beatles Dan Zanes Ben Folds should consider this download.
