Details: "She's the bluegrass Laurie Anderson." Flying Monkey Arts - Huntsville, AL "Take in the toys, tunes and technology in Barbara's toolbox. Tradition collides with innovation in a joyful process as much fun to listen to as it is to watch. Once again Babs fearlessly reinvents herself and it's so exciting! I really dig it and hope you will too!" Joe Craven One of the qualities that keeps me listening to Miss Lamb's music is her melding of tradition with contemporary innovation. This is a fruitful combination for her musically. These two polarities provide an endless dynamic of light and shade in a type of chiaroscuro effect. As a music fan myself, solo is "where it's at" so to speak. There is nothing to hide behind in this modality and the music is uncluttered with the trappings of an indifferent ensemble. Barbara has a deep reserve of courage and creativity to draw upon and the resultant effect is striking. Danny Barnes Please visit my website for more in depth info on the creation of this new work.
