

# Mp3 Cayerio - Music And Cornbread

[DOWNLOAD HERE](#)

hip-hop attack with a dirty rock edge.. 5 MP3 Songs HIP HOP/RAP: Spiritual Rap, HIP HOP/RAP: Hip Hop Details: CAYERIO Its More than a Sound, Its a Movement Since the release of his debut album Living Water, Cayerio's sound has evolved into a hip hop and rock hybrid that he likes to call "hip rock fusion". Still true to his hip-hop roots, Cayerio blends rocksteady drums and bass lines with razor sharp guitar riffs and hot keys. The transition came after Cayerio recruited DJ/ sound engineer Kirk Smith who added players he found around Memphis, TN, including bassist Ben Cumming (AKA The English). Together they renovated Cayerios sophomore release The Dirty South Detergent, which added a dirty rock edge to an already explosive hip-hop attack. Throughout the bands metamorphosis, Cayerios ethos has remained intact. Im motivated to create music thats not only spiritually fulfilling, but also socially and culturally beneficial to people as a whole. The message is an aggressive lyrical communication to popular culture. We are effectively addressing issues with truth, providing an alternative to the highly perpetuated messages of crime, money and sex, expresses Cayerio. The band serves as a remedy, to those who are inundated with the redundancy and lack of substance seen in hip-hop culture.
