He is a song writer and performer with three solo CDs to his credit, 3 collaborative CDs and three full length Musicals with sound tracks.

When not performing as a musician or recording in his Salt Lake studio he continues his creative endeavors as a play write and director and has visual art works adorning private and public collections alike. His path as reflected in his music is a realization of the truth of one race living on this planet, the Human Race, and that cooperation through out the world is the only route of survival on this planet. Gary creates music in hopes of helping all to envision a world without boundaries or separation and a world with great abundance and joy. By using a multi-genre base, he creates songs that everyone can relate to and enjoy. One of a family of 10 (eight kids), Garys parents taught them all musical harmonies and performance from a very young age. Since that introduction, he has known his passion. He Studied musical theater under a scholarship at the University of Utah and visual arts at Utah State. His musicals have graced stages such as the Sandy Amphitheater and the Salt Lake Center for the performing arts. His visual works can be found in the Sandy City Hall, Salt Lake Marriott and private collections through out the west. His greatest wish is to create music to make a difference. He is happily married to a most wonderful and inspirational women, Terri, who endlessly shares support and .has some killer creative ideas too !!!!! whateveryouimagine.net/garystoddard.com
