A dark, ambient landscape among cinematic industrial beats. 12 MP3 Songs in this album (51:26) !  
Related styles: ELECTRONIC: Industrial, ELECTRONIC: Ambient People who are interested in Nine Inch Nails Moby Hybrid should consider this download. Details: 'Prosper Park' is a journey into a post-apocalyptic world using lush cinematic pads and dark industrial beats. Rendered as not just the debut full-length album for Baltimore-Based Industrial Act, Gravemachine, 'Prosper Park' serves as the auditory blueprint for a lush future world comprised of colossal machines and ghostly angels of the past. 'Prologue' opens for what would be a soundtrack of highs and lows; angelic melodies mixed with harsh, dark intensity, stirring up the imagination with visions of deep gray skies painted above a decrepit cityscape. For fans of groove-heavy industrial/rock as well as ambient, EBM, and even pop, this album is sure to captivate and transport the listener to another world entirely, and leaving you on the edge of your seat begging for more...
