Details: In 2005, I set out to audition for American Idol. I got rejected and decided to do things on my own terms and my way. Here I am three years later doing it my way and happy about it. I am not looking for fame. I just want to do music and sing. I first met DJ Dona through Soundclick and created my first CD, Lust...Love. That was a great accomplishment for me. I am very proud. I then met c\_house1 on Myspace and have been creating even more songs. Together we are Sirena Asesina and Recurring Obsession is the product of our teamwork. My influences come from a wide range of artists. I enjoy Pink Floyd, The Doors, Led Zeppelin, Portishead, The Cure, MADONNA, Sade, Selena, Esthero, Michael Jackson, J-LO, Everything But the Girl, America, Bread, Duran Duran...and the list goes on. Listening to all those makes Heidi...sure some say I sound like Madonna...but my influences come from many many places in the music world.
