English Rock and Pop 8 MP3 Songs in this album (35:31) ! Related styles: POP: British Pop, ROCK: Modern Rock People who are interested in John Lennon Oasis Green Day should consider this download. Details: This Album is a "good the bad and ugly" commentary on 21st century Britain. Honest, poignant, romantic in places and upbeat. A musical journey through the roller-coaster ride that is life today in modern Britain. Dotted with hard hitting rock, soulful ballads, and raucous grooves. This is one of those albums that has something uplifting for everyone. John Ayres started off musical life as a drummer at school and played at the local youth club in Horsforth, Leeds progressing onto guitar and piano and formed a few early bands in Cardiff around his student days as Bass player/lead vocalist. Concentrating on Bass and song writing he made way for Vicki Ayres (sister) and Mike Macnemara (of Big Mac's Wholly Soul band fame) respectively on lead vocals. The genres covered at the time were a fusion of rock,soul, motown classics and stax. Currently back in his hometown of Manchester he is concentrating on studio and solo work specifically in the traditional Manchester/Liverpool vogue. He is planning to get back on the road in the near future.
