URBAN/R&B: Urban, URBAN/R&B: R&B Rap mix Show all album songs: K-L-E Songs Details: KI is an up-and-coming talent with a very unique style. He could be best described as a Donell Jones or J. Holiday type soul singer, but with a delivery incomparable to anyone else. When listening to his music, which the majority of is R&B/Hip-Hop, it is very refreshing to observe his versatility. At one moment he'll be singing a love ballad, then suddenly you'll hear a rapid-fire rap, or a track laced with Dancehall Reggae influences. Not only is he versatile in his styles of music, but also in music all around. He sings, writes, produces, records, and mixes as well. When you take KI's unique style and versatility, and add it to the passion he puts into his music, you get an artist that is determined to succeed. He has opened for such artists as Tyrese, Sam Salter, Vivian Green, Jon B., Cam'ron, Noreaga, M.O.P., and N.A.A.M. Brigade. This has helped him get better acquainted with large audiences, and has prepared him to be successful on a national level. In 2003, KI independently released his first full-length album, "How I Wish", which was very well received. It included 11 hot tracks, including the up-tempo hit title track, along with the mellow, laid back delivery of "Whispers", an ode to love with "I Don't Wanna", and "My Name on Your Lips" which chronicles the details of a one night stand. He new album "KI : K-L-E" is a very eclectic blend of R&B, Soul, Hip-Hop, and Reggae with producers that have worked with the likes of Tweet, Petey Pablo, Bonecrusher, Talib Kweli, Dem Franchize Boyz, and Khujo Goodie of The Goodie Mob, The Outlawz, Angie Stone, Lil Scrappy, Bun B, Eightball, Lloyd, Paul Wall, Young Buck, and many more...The album will also feature several major collaborations with Bizzy Bone, Raheem Devaughn, as well as vocals and writing from R&B star Sam Salter. K-I-e is also performing any chance he gets. Currently, he is seeking to

move to the next level in the music industry and obtain a major recording or writing contract. He is also interested in an independent distribution deal. KI will be a star in the music industry. The only question is....When?
