Details: MISSY KNOTT missyknott.com myspace.com/missyknott Missy Knott is an aspiring artist breaking out of Peterborough Ontarios extraordinary music scene. Widely known for her soulful, angelic voice and her music genre diversity, Missy is on her way to the top. Alan Greyeyes, co-chair of Manito Ahbee Festival Inc says Missys dope! Shes got the talent and image to do big things with her music, after having spent a week with her in Gimli, Manitoba where she participated in the prestige Aboriginal Music Program Camp. After releasing her debut album, For No Reason At All this year, Missy has found every reason to pursue her lifelong dream of entertaining the world with her complete package; a distinctive warmth in her voice, drawing a listener in, a Miss Congeniality inward spirit, and beauty the eyes will long remember. Having shared the stage with Brock Stonefish and Juno nominated Jason Burnstick, Missy is excited to stretch the list with festivals lined up for 2009 including Mother Earth Music Festival where she will open for Crystal Shawanda.
