Soul inspired high resonance music with R&B, Hip Hop, Reggae Feels. A nice primer for the new paradigm and planetary consciousness shift *** 13 MP3 Songs in this album (48:19) ! Related styles: URBAN/R&B: Golden Age, POP: Synth Pop Details: Purple Crown (Tajh) is a member of indie group "The Suns". Earlier in their career they were known as Motown recording artist "The Boys", a child group of four African American brothers who enchanted the world with their youthful charm, singing and dancing abilities, and back flips (acrobatics). They enjoyed multi-platinum success, world wide recognition, and honors. The Boys recorded three albums with Motown and then suddenly vanished. Purple Crown has a universal sound incorporating elements of soul, hip-hop, roots reggae, pop elements blended with sweet melodies, and socially conscious, energetic hip-hop rhymes. "New Leap" highlights the indigenous prophecies and wisdom teachings which speak of the closing of a 5100 year cycle on Dec 21, 2012 and opening of a new cycle and world age come 2013. This new cycle heralds the "Return of the Ancestors" and the "5th world of peace". "New Leap" is a primer to the new world and planetary paradigm shift which is now coming into formation. Purple Crown reminds us that during this time of radical change and personal social transformation, only LOVE and INTEGRITY will see us through to 2013 the new day !!! Exploring self awareness, climate change, love, and life. Purple Crown gives the listener a truly exciting and diverse musical experience. Oneness !!!
