Romanian Christian contemporary Pop/Rock music that will inspire you, brighten your day and soften your heart. 12 MP3 Songs POP: Delicate, POP: with Electronic Production Details: Rays of Heaven is a Romanian Christian band, performing songs about Gods power and love. Most of the song are composed by Tia and have a real story behind them. Our goal is to take part in Gods work where His message is delivered to people. We feel that we have to be the light of this world and that's how the name of our band came about. In any line of Gods work, He wants us to become better Christians so He allows us to pass through different obstacles so that we can see our weakness and become stronger followers of Jesus Christ. One thing that weve learned is that whether somebody or even ourselves oppose what we do, we must not give up and continue Gods work so that His word can be heard to all the ends of the earth. It is an honor for us to serve GOD and to witness His Word Band members are Costel Moldovan, Tia Moldovan-Rogojan and Tabita Prichici.
