Virtuoso instrumental covers of popular computer game themes of the 1980s, performed by a master. 20 MP3 Songs in this album (41:47) ! Related styles: ELECTRONIC: Chiptune, POP: Synth Pop People who are interested in Martin Galway should consider this download. Details: Reyn Ouwehand once again sets new standards in C64 live performance. This CD concentrates on those small or overlooked tunes that once filled our hearts with joy, and produces the definitive versions of them. Once you've heard his rendition: your brain will always think of the tunes that way. Performed live by Reyn and previewed extensively on Boz's Bit o' Bollocks Slay Radio show, this CD is further enhanced by Gilliam-esque artwork from the multi-talented Reyn and that Wizball and Sanxion-meister himself, Mark Hennessy-Barrett. This CD will leave you with a big sappy grin on your face. Guaranteed!* * Not a guarantee, but it's very likely.
