Contemplative, catchy, acoustic Britpop with traditional singer/songwriter roots... 10 MP3 Songs POP: British Pop, FOLK: Folk Pop Details: Imagine locking Coldplay, Duncan Sheik, and Damien Rice in a room for 3 months--the outcome might sound something like The Waiting Room. Britpop with the introspective touch of a traditional singer/songwriter, Asher delivers an acoustic conglomeration of distant romance, self-reflection, technological progress, love on hold, and second chances. Hushed verses evolve into soaring choruses; a clever lyric turns up at just the right location; and the pop song is blown apart and reconstructed in ways that defy the conventional expectations of the pop singer/songwriter. Was I Too Late? shuffles along with a playful melody and sarcastic lines of regret. Longing for a love that's perfect--that unobtainable fairy tale--the devastatingly somber Unbreakable Love begs for someone to fill the holes. And in the heavier Words on a Screen, Asher exhales and explores the ways in which technology is changing the way we communicate. The Waiting Room is an exhibition of Asher's diverse influences, his addiction to the sound of a well-strung acoustic guitar, and an exploration towards the outer boundaries of the 3-minute pop song.
