Related styles: CLASSICAL: Contemporary Details: The Devil's Guitar by Sonny Bellavance In this time of innumerable existing style of music, most often than otherwise repetitive, Sonny Bellavance arrive with "The Devil's Guitar" an album totally original. It is an album of classical guitar dedicated to the Devil! Giving is nobility back to classical guitar Mr. Bellavance propose fifteen original compositions and two interpretations from the baroque time. Being composed and interpreted in the name of the four Crowns of Hell, "The Devil's Guitar" is the very first Satanic album of classical guitar in the world! About Sonny Bellavance: Sonny Bellavance was introduced to classical guitar by an old scholar of classical music in his very young days. He fall instantly in love with this instrument and it lovely sound. Sonny bought his first guitar at the age of nine and begun to learn how to play with his father who is a guitarist as well. Segovia, Bream, Bach, Sor, Sanz, and Mudarra were among his favorites composers and interprets. Mr. Bellavance really enjoyed to played and practiced with these masters. Sonny started to wrote his own compositions at the age of fourteen and began to tried and touched different style of music. He played in Jazz and Death Metal Bands for several years but, his love for classical guitar was so very strong that he literally stopped to play anything else and concentrated himself to practicing and composing for classical guitar..."The Devil's Guitar" is a compendium of works he have done over these years.
