music for the harp and piano to lift the spirit and to make a place for peace and relaxation for music lovers

in a busy world. She has worked as a musician for many years and has developed a love for music that

speaks not only to the ear but to the soul. The harp has become a great love of hers, along with her first

love of piano. Theresa finds that playing the harp has become both a healing and quieting influence in her

own life and a passion she is eager to share with others. Theresa hopes you enjoy her music and that it

will speak to all who listen to it and provide a serene place in their lives. Theresa has lived in many areas

of the United States, from the beach cities of California, to the history of the Washington D.C. area, to the

broad farmlands of the midwest, in the desert of the southwest, and lately in great state of Indiana. Her

music acknowledges the vast beauty of this beautiful land. She also wishes to acknowledge all those who

have touched her life with love and inspiration. They know who they are. They are all in the music.
