Hip, jazz vocal standards with beautifully unique arrangements ... THIS GUY CAN TRULY SING. 9 MP3 Songs JAZZ: Jazz Vocals, EASY LISTENING: Crooners/Vocals Details: Tommy Gearhart, jazz crooning vocalist, is an up and coming young lion in the music scene. Though Tommy's performances have been compared to greats such as Harry Connick, Jr., Frank Sinatra, and Tony Bennett, he has developed his own unique style. It integrates an honest, traditional approach with utmost respect to the melody and lyrics, along with tasteful, heartfelt jazz phrasing that is best summed up by veteran jazz pianist, John Clark - "I've never heard anyone phrase with as much feeling as Tommy, since Sinatra. You can't teach that ... You've either got it or you don't." Gearhart has performed at venues in Las Vegas, NV, in music festivals around the US, and has shared the stage with many fantastic musicians such as, trombonist, Delfeayo Marsalis, legendary tenor saxophonist, Donald Walden, and members of Michael Buble's band. Standing at six feet, five inches tall adds an even greater presence to his already dynamic, and charming personality. This is Tommy Gearhart's debut album.
