Details: The brainchild and compositional baby of trumpeter Nic Chaffee, TopShelf is a hard-hitting modern funk band that is heavily influenced by classic funk, soul, and jazz. The group consists of seven experienced and formally educated musicians including founding member. Chaffee founded TopShelf in the spring of 2003, and has been dedicated to bringing the finest in live musical entertainment to a wide palate of venues and locations. In the first year after its inception, TopShelf was a finalist in the nomination by Live Magazine's Orange County Music Awards in the "Best Live Band" category. TopShelf has since performed extensively at many of Southern California's premier clubs and events, including: The Lava Lounge in Hollywood, Club Rain in Cost Mesa, The Temple Bar in Santa Monica, and The Barfly in Hollywood.
