A country styled 'truckers tale'. The lives and loves of the 'long-haulers' set in a dusty road house on the 'Two-bit Hi-way', I-25, near Loveland, CO 13 MP3 Songs COUNTRY: Traditional Country, EASY LISTENING: Crooners/Vocals Details: As a stage performer/writer/composer/producer/director/actor/radio-tv artist/etc., Vaude deVille presents a repertoire that would break the back of a lumberjack! As a youngster, he worked the 'joints' as a stand-up comic, MC and impressionist, in Detroit and points East. But, The West beckoned early-on, and Vaude honed his skills as part of a lounge act, in Las Vegas, where he learned to 'work it'. Stints in a dozen cities, as a disc jockey, gave him a command of musical styles and an understanding of story-telling in song. He has created several full-blown 'Broadway' musicals, on a variety of themes, and continues to produce new material for the stage and sound studio, with every imaginable flavor. His current projects include a 'Tribute' set, honoring all those who have worn the uniform of our nation...compelling melodies and lyrics that challenge our social conscience. His carefully woven lyrics speak loud and clear, no matter the subject. You hear him...and you don't forget him. And, of course, who could forget a name like 'Vaude deVille'! People who are interested in Waylon Jennings Willie Nelson Hoyt Axton should consider this download.
