A must have for indie-music lovers... REVIEWS: "On one track Ledgley is a psychedelic rocker and then amazingly eases into an introspective singer-songwriter on the next. His use of emotionally subjugated lyrics over beautiful upbeat melodies creates a dichotomy that is rarely heard in today's music. Ledgley is THE one to watch in the English singer-songwriter scene in Israel." Harry Rubenstein, rock critic, The Jerusalem Post "Ellie Brickman's voice is reminiscent of Jennifer Warnes' background vocals with Leonard Cohen and her voice is more prominent than your average background vocalist." Ami Brand, Makor Rishon (Weekly Israeli newspaper)
