Details: Following the moody, yet whimsical, kitchen-sink arrangements of Holiday Girl, Joshua McCormack decided to make a more focused effort. The result is The Funeral of the Siren. These ten songs are a fantastic journey when played in sequence and are also beautiful individually. For this genre blending collection, he enlisted the help of long-time friend and drummer Jay Will. Will provides drums for most of the albums tracks. Other collaborators include Eric Morris and Terry Barth as a household symphony and McCormack's wife Lauren playing a glass bottle orchestra.
