

The Gods Of Mars

At the end of A Princess of Mars, the first in the Barsoom series, John Carter is (careful... spoiler alert!) is transported against his will back to Earth. The Gods of Mars picks up the story after a 10 year break when Carter finds himself, once again, on Barsoom. Unfortunately, he has appeared in the one place nobody can escape... the Barsoom afterlife! As always, Burroughs uses the classic device of a fictional Foreword or Preface that suggests that the contents of the following story reflect true events. The Gods of Mars is a 1918 Edgar Rice Burroughs science fiction novel, the second of his famous Barsoom series. It was first published in All-Story as a five-part serial in the issues for January-May 1913. It was later published as a complete novel by A. C. McClurg in September, 1918.
