

\$7 Secrets Review

7 Dollar Secrets The name is quite intriguing. What the heck is the 7 Dollar Secret? I won't reveal everything in this review. But basically the system behind the 7 Dollar Secrets eBook is that you create a short report. Inside the eBook you include your affiliate links or links to your higher priced items. Also to download the eBook the buyer has to subscribe to your opt-in mailing list (building a list is a hugely important part of affiliate marketing). Then you find affiliates to promote your 7 dollar report and you let them keep 100 of the profits. The whole system is a huge viral process. Which in my experience works quite well. Of course there is a lot more to creating your own report than outlined above. The eBook goes into great detail about how to:

- Come up with ideas for your 7 Dollar Secrets report
- Informational products (eBooks)
- 4 main problems
- The basic method
- Why affiliates love to promote these eBooks (100 commission!)
- The five step summary of the 7 Dollar Secrets method
- The scripts to make it all happen
- The importance of creating your eBook graphics

After reading this eBook you will be completely ready to create your own viral mini report. Jonathan includes the script to install on your website. The script allows you to install and run a one-time-offer after the customer buys the eBook for \$47 or any price of your choosing. You can choose the amount or percent of the One-Time-Offer you want the affiliate to get. Most people give the affiliate 50 percent of the back end. The scripts also feature a viral tell-a-friend page, error protection, download protection and an administration system to make sure everything is running

smoothly. Plus if that wasn't enough each page is already made for you. Including the main sales page, squeeze page, download page with viral tell-a-friend script, one-time-offer page and one-time-offer download page. Of course, you do not have to use the pre-designed pages you could always make your own or just add graphics to them. In my opinion 7 Dollar Secrets is really a great deal for the amount of content, scripts and pre-made pages you get. If you are looking to learn how to create your own viral report than you might as well learn from the guy who started it all.
