

Helen's Story - Rosemary Fox

Having a happy, healthy child is what every expectant parent hopes and prays for. Imagine the devastation if your child is born healthy, and through medical misinformation, is transformed into a child that suffers permanent mental handicap and convulsions. This is what happened to Rosemary Fox shortly after her daughter, Helen, was born. As she sought explanations and compensation, she was told that she was damaging the vaccine program and told to keep quiet. She refused, and campaigned to get the vaccination program changed. This is an honest, disturbing, and ultimately inspiring story which resulted in a complete reversal of Government policy.
