Show all album songs: Natural Songs Details: Born in a small town in South Georgia, the son of two operatic singers, Angelo was destined to become an entertainer. Influenced by many bands and singers such as Michael Jackson, Marvin Gaye, Seal and John Meir. Angelo was largely influenced by his Uncle Don who had a local funk band called " The Dark Reflections." Growing up in a music family, he learned how to play keyboards well enough to start writing his own songs at the age of 14. In High School, he formed a teen vocal group called "Butterscotch" that became popular locally as their songs were a standard feature on the hometown radio station WDMG. Angelo's songs became huge hits locally. He is the youngest singer to ever have a song played in high rotation on radio in his hometown. After High School, Angelo moved to Atlanta and joined a vocal trio called "Renaissance", an act under the All Net Records label owned by former NBA superstar Tyrone E. Hill. "Renaissance" hit the hot 100 charts and received video exposure on B.E.T's Video Show "MIDNIGHT LOVE". Angelo is now solo and releasing his debut album entitled "Natural" on the RP Entertainment label. The new album has a style of it's own. Angelo has a way of creating unique vocalizations which are a treat for the listeners. His intricate harmonies leaves the listeners feeling sexy and oh so satisfied. So please, sit back, relax and enjoy the sounds of ANGELO REMO'N, but don't sleep on him...his music is HOT!
