ELECTRONIC: Electronica, ELECTRONIC: Progressive House Details: Avian Waves is a sonic journey through soundscapes and rhythm, allowing the mind to meditate on the universe, its meaning, and our place. The first album (self-titled) is available for purchase from CD Baby. This album is a broad sampling of moods and themes collected over the long five years this album was worked on (after class, after work, and during any free moment I could find). The centerpiece of this album is the five-part Darkness Symphony, which expresses the cycle of mental obstacles we, ourselves, create that prevent us from accomplishing goals we set. Credits: Timothy Carroll- Producer, composer, engineer, songwriter, performer Rebecca Carroll- Support and inspiration Misty Carroll- Songwriter, vocalist, muse, guardian angel David Williams- Advice, guidance, and philosophical ponderings My Flock- The inspiration for the name Avian Waves, my "fids" (feathered kids) are a great source of joy, comfort, and strength.
