

# Mp3 Bryan Gorsira - The Best Years

A blend of adult contemporary, folk, acoustic and americana. 12 MP3 Songs FOLK: Folk-Rock, ROCK: Adult Contemporary Details: Following on the amazing success of the first Cd, "New World" (which means my 4 year old daughter really liked it) out comes a new collection of songs in "The Best Years". Again working with Tom Manche in Nashville, (ok, so not really working with, but sending him songs to do what it is he does to songs) and selecting a variety of singers, (most notably Dana Cooper and Julie Forester check them out, they are GREAT) I have put together some more songs for another Cd of music. A healthy dose of variety here, something for everyone I think, but another generally mellow album of pleasant songs. Songs again, like in the first Cd, ranging from those written decades ago to months ago, which I suppose is revealed in the variety of style. Give it a listen, buy it, make my daughter happy (more sales, better toys for her). And, now working on the next Cd which I will attempt to do somewhat solo, with my own croaking, picking and fluting. I bet you can't wait; hmmm, should be interesting. People who are interested in Van Morrison Nickel Creek Rascal Flatts should consider this download.
