Dreaming of balance breaking through the veil of illusion to a place of peace. Rising out of all the unnecessary luggage that holds the fragile planet down. To help others reclaim their true inheritance is a huge part of her mission in her songs. Laura is a truly gifted and authentic artist, a classically trained accomplished stage actress, who always quotes a good actor plays the truth! This is a beautiful CD package, eye on every detail. Included is a 16 page art booklet insert with lyrics photos. Laura spends her free time painting everything that is not nailed down around her. Laura Taylor Whitfield is primarily a gypsy poet, a one woman band, a real Bohemian, who tore her guitar out of its coffin and instead of penning any You- done- me- wrong songs, She chose to hold compose things in a positive light. Joining in with a beautiful ensemble of talented souls , who planted some serious love on her in this project. She quotes I dont know where life is taking me.. but I am going forward to somewhere! Laura Taylor Whitfield exudes peace love on debut album "She brought a lot of honesty to the table," said "Forward to Somewhere" producer, Don Jaques, of Des Moines. "She writes about her own experiences, but she does it in a way that makes it universal." Jaques calls Whitfield's work "organic pop," a style that may seem surprisingly barren in today's music industry. "There's no electric guitars, there's no samples, there's no synthesizers," he said. "And that really takes her stuff out of the norm." This is an album you will not regret! Laura Taylor Whitfield is the REAL deal!
