Combining classical and contemporary elements with his own personal vision, Straugh is carving out his own niche within the new age music movement with music that is both strong and soothing. - Kathy Parsons, Solo Piano Publications 10 MP3 Songs NEW AGE: Relaxation, EASY LISTENING: Mood Music Details: Music is a means of transport. Its more than just something pleasant to listen to (though that is part of it). On a deeper level, music that can capture your attention and lull you, music that you find yourself soaking into this is what can be a transport, not just away from the day-to-day, but toward your own peaceful "spaces". The contemplative listener will find in Straughs music just these qualities. His understanding of how the best music works, enables him to pull every last bit of potential out of his own music, to make it function exactly the way he wants, which is to the best benefit of the listener. In other words, Straugh's understanding of how the best music works makes his among the best for soothing the soul.
