Gopal knows that the stage is his place to be real and share glimpses of his life with crowds who are looking for authenticity from an artist. He comes as a prepared musician who has seen and experienced much of the same things in life that weve all lived through, and he'll leave you with a mark of familiarity, as if youve already known him for years. Stemming from the musical influences of Steven Curtis Chapman, Bebo Norman, Edwin McCain and Patty Griffin, P.W. writes his own music and tells his own stories of life, love and faith.
