And, when you hear him sing.. you know that hes the real thing! The songs he writes are not like the Cookie Cutter songs being released by so many of todays country singers. You will not confuse The Outlaw Paul Francis with any other singer. Here is what a couple of people have to say about The Outlaw Paul Francis. Paul Francis delivers his lyrics with a sincerity that breaks your heart. Simply put, his music is real and it resonates with raw emotion - it makes you feel. Alison Ingram -Alison Ingram, meetup.com "Paul is a great musician, performer, and super nice guy. I say this with the utmost reverence and respect. You are a new breed of outlaw carrying on a tradition that the people don't get to see much anymore....the tradition of Waylon, Willie and Coe. Dave Kirby -Dave Kirby, meetup.com Paul Francis has performed with many musicians and bands throughout Texas and a few in Nashville. Fronting a rock band in 2003 he felt his talent grew with a different attitude and level. That attitude is what carries his Outlaw style and... the name has been around since he was 4 years old but thats another story.
