With influences all across the spectrum, this guitar driven music is best described as P.R.F.B. (Pop-Rock-Funk-Blues), but make your own mind up. 10 MP3 Songs POP: Pop/Rock, BLUES: Blues-Rock Details: This collection of songs came together in a time of significant change in my life, hence the title "Crossing The Bridge". I look at any albums that I record as a snapshot in time, kind of like a photo album. As I learn and evolve as a studio engineer, musician and songwriter these albums tell a story in the lyrics, songwriting, and sound. Every time one CD gets finished the next is brewing in my head. New songs, ideas for new recording techniques and sound and new instruments start filling my head and the next thing you know... another compilation is being created. I wonder what the next "snapshot" of my life will sound like. People who are interested in Pink Floyd Wide Mouth Mason Bon Jovi should consider this download.
