EASY LISTENING: Crooners/Vocals, EASY LISTENING: Cabaret Details: Willis Moore's debut CD So Far is an openhearted musical experience featuring only a voice and a piano - like an intimate secret whispered softly in your ear. So Far pairs Willis' trademark intimate vocals with the arrangements and piano performance of MAC, GLAMA, and Bistro Award Winner Rick Jensen. The album includes tunes by Harold Arlen, Michel LeGrand, Johnny Mandel, Rodgers Hammerstein, Tom Waits, and Producer/Arranger Rick Jensen. "If you've seen him, you're going to have to see him again and again. He delivers songs with a finesse that's on par with the likes of Michael Crawford. If you enjoy a sweet, sentimental tune, grab a copy of So Far - and then keep an eye on Moore's tour schedule." - Billboard "In concert or on disc, you're certain to take to this talented teddy bear, whose vocalizing comes straight from the heart." - Bay Area Reporter
