One e-Book can answer any questions you have ever had in regards to body language and set you on the path of having more control over your own body and how others perceive you. The answers you seek can be found in... Inside you will find everything you need to know about how to read 15 different categories of body language. Not just 15 body language cues or gestures, 15 categories packed with every type of possible body language gesture or cue possible. Do you want to learn how to counteract power body language? This guide will help you do just

that. Do you want to know just how to take a person from a closed body language stance to a more accepting open body language? This guide will answer that for you as well as many other situations from defensive counteractions as well as aggressive body language counter actions. Everyone can benefit from learning how to read and identify body language. Learn to be a great listener through reading body language. When you can see how the person to you is feeling through their body language, regardless of the words that are coming from their mouth, you are more apt to be able to get to what the real problem is and fix it before it gets out of control. Learn to understand the reasons behind certain body language. People who use closed body language as well as defensive body language do not always do so consciously. Curling in ones body is a way of self preservation and much more.
