Details: Aubrey Bouskill, having grown up in a quiet town in Orange County, California, embodies the classic image of the girl next door. Her musical adventures began at the age of six when she discovered a hundred year old piano, a family heirloom, in her garage. Fascinated by this, she would sneak out almost nightly to play it. Once her parents learned of her interest in the piano, they moved it into the house. Shortly thereafter Aubrey began taking formal piano lessons. In the midst of her classical training she began to compose her own pieces. Over time her style transformed into something unique; Soulful interpretations of her deepest feelings and beliefs. Songs so profound they dare to touch the soul of those who listen. Following her discovery of the piano, she continued to refine her classical technique while teaching piano to children in the hopes of passing along her musical passion. At the age of 14, she was introduced to producer Erwin Rocha, who began recording her original songs. As a freshman in college, she began production on her first album. Now, after almost three years, a lot of sweat, perseverance, and growth, it is complete. In celebration of all that has come before and all that is yet to come, Aubrey presents Hindsight.
