Electro-acoustic trance: an eclectic mix of melodic violin leads, pulsing electronica and ambient vocal atmospheres. 7 MP3 Songs ELECTRONIC: Ambient, AVANT GARDE: Psychedelia Details: Audio Buddha is a trinity of musicians who work together with the collective intention of immersing in and exploring the medium of music to access the divine and embody it in performance. Weaving together the elements of synthesized trance music, violin and voice, a tapestry of sound emerges that is dynamic, unique and profound. The music ranges from driving trance to melodic ambient, creating the space for all things to emerge. Though the project of Audio Buddha has been active for five years through the work of founding member Steve Brisk, the present incarnation of keyboardist Brisk, violinist Nathaniel Mahlberg and vocalist Ishtar is new within the year. Ishtar is a classically trained vocalist who found a dear friend and deep reflection in the companionship of Steve Brisk, a self-proclaimed "old-school punk" with extensive classical training of his own. Nathaniel Mahlberg is a classically trained violinist who offered his brilliance to the project, completing the perfect triad. This new group presents Audio Buddha, tranceformative musical experience, as our pleasure and our gift.
