

Mp3 Brett Williams - Rain

[DOWNLOAD HERE](#)

Vision Magazine Casts "Like rain on the rooftops". Instrumental soft folk. 8 MP3 Songs EASY

LISTENING: Background Music, FOLK: Gentle Details: Brett Williams was discovered playing guitar at the age of five in his father's closet while his father was at work. Shortly after that, everyone started to notice his ability to pick up a guitar and play along with what ever was on the radio, without the use of an inflated guitar teacher. The irony erupting from all that radio time is that his influences can be counted on one small hand. Such guitar greats as Phil Keaggy, BB King and any of the great Spanish classical guitarists are some of the keys to where he gets his sound. Brett's chord selection, harmonics, and his taste for alternate tunings are all characteristics of his style, which is clearly seen throughout the musical spectrum of Rain. Brett's time and talent is devoted to getting the ultimate sound from his strings, as well as sharing what he has learned throughout his lifetime, whether it be his adventures from traveling around the world, or more simply, how easy life can be having childlike eyes. Brett enjoys playing classical guitar inside large cathedrals, and hopes to build one of his own someday. People who are interested in Pink Floyd should consider this download.
