Details: Natural Fact Natural Fact is receiving a re-issue via online release, with plans for more release formats to come. I had tons of fun making this album with producer and songwriter Jacob Golden in 2003. I even grabbed a guy off the street and got him to come and sing on the album. This record also features the smooth beauty of the voice of June Lord. Alternate mixes that I love will be made available for download. Brianna Lea Pruett is a songwriter, singer, producer, and artist who has performed and recorded her own material since 1999 at age 16 as well as backup vocals for recording artists Mothspy Eros and Dead Western.
