Details: Echoone is an Italian musician, songwriter, singer, and producer. He started his music career more than 10 years ago, playing various roles (sound engineer for other artists, performer, singer, producer) in music business and giving him the chance to become a complete music artist. In 1999 he worked for Bliss Co. label, having the chance to follow all the realizing steps of the Eiffel 65's world platinum album called "Europop" (1999). In 2000 he worked as producer, singer for some house productions of the house artist Astralbody. During the last years he worked for the french label "Felix Productions" and for its artist Sanya, and later for the italian label "D'Herin Records". In 2003 he realized his first funky-pop album "Celebrate!", which represents a collections echoone's early songs. Now Echoone is working in a live project with a band featuring four musicians and a backing vocal singer, to present his last studio project "Keep in style". While working on always new songs, he built a compact group of musicians, whom worked with passion to realize a live session to respect echoone's songs characteristics. The project aim is to present a great live show, where the artist's songs are in a position of high value, with all their funky-soul characteristics are transmitted to the listeners emotions.
