Pure traditional country tear jerkers and Beer Drinkin' songs 10 MP3 Songs COUNTRY: Traditional Country, COUNTRY: Country Folk Details: Up until I enlisted in the service, I played in some local bars and a few out of town places. My old friend Johnny Paycheck(donnie lytle) got me started and I owe him a lot for being able to play and write, as he told me.A WINNER NEVER QUITTS AND A QUITER NEVER WINS I was never seen in town that I didn't have my d-28 martin guitar with me. All I thought of or dreamed of was being a country music singer/writer.even if I never made the big time, writing about my life and times and songs about others loves and lost loves...the feelings of heartbreak I guess is what I can write about most, my life from an early age...Even today,many memories are still there to remind me of those days when it was ONE day at a time to exist. The songs I have written on this cd has it's own time and moment in my life and I am shure many of you folks can say that some of these songs can pretty well describe a time in your life also. The good times, sad times ,the memories. A YOUNG SOLDIER PRAYS is about a young soldier in Iraq praying to get home safe to his family. This song was co-written by MRBLUE of southern Ohio and Lottie Moyer of West Virginia. Blue Lottie are paltalk singers online and have been friends for over a year on paltalk music rooms. MRBLUE is Unknown-Singer and Lottie is 911EMT. Join paltalk and sing and chat weith us online most every night..JOIN THE FUN AND MEET SOME GREAT FOLKS On the title song YOU BETTER THINK US OVER,, I have Lori Jean Morgan from here in southern Ohio making her debut on the internet singing my original female version of the song. You will be hearing more of her in the future, as Lori also writes songs and will have her own cd on cdbaby in the near future... This is only the beginning of her traditional country roots..... Each cd is personally autographed by MRBLUE and LORI The price is low for one reason,,,,,we want everyone to be able to afford to buy a copy and each sale adds up to many.
