BIOGRAPHY Nizlopi is Luke Concannon and John Parker, two friends who've been writing and playing music together since their early teens. Luke handles the heartfelt lyrics, the endlessly soulful vocals, and his beloved guitar, while JP sets jaws-dropping with his masterful double-bass playing, his breathtaking human beat-boxing, and a little extra guitar playing of his own for good measure. Together these boys have created a genre-defying sound all of their own that's earned them plenty of love around the UK, and now America and Europe! WHAT PEOPLE HAVE SAID ABOUT NIZLOPI: The biggest duo in the world today Jamie Cullum "Ah man, that shit is f\*\*\*\*d up, holy christ you ain't supposed to be that good!" Kelly Joe Phelps "The UK's most talented and exciting live acoustic duo - these boys have something very, very special." Grammy award-winning producer Bob Marlette
