A potpourri of passion and experimentation produced and recorded over a span of three years (1972-1975) and in a half dozen dozen studios from the basement of the suburban New York Stookey family house to an abandoned hen house on the coast of Maine. 17 MP3 Songs FOLK: Modern Folk, GOSPEL: Contemporary Gospel Details: A large, surprisingly diverse and talented cast of musical guests and engineering wizards put the final polish on this challenging mixture of Stookey songs and concepts.
