Twelve dystopian soundscapes interspersed with fractured beats and dark narration. 12 MP3 Songs  
ELECTRONIC: Experimental, AVANT GARDE: Sound Art Details: The Paranoid Foundation: a collaborative music/multimedia project aiming to explore the darker elements of the human psyche. PF was formed in London, UK during 2003 by Crispin Lee (narration, audio artefacts) and Andrew Walker (electronics, communications): 2 sonic explorers with a shared interest in dark, experimental sounds. Taking influence from a variety of musical sources including krautrock, industrial and punk through to dub, electronica and ambient/noise, the duo aim to provide an intoxicating soundtrack to the more uneasy aspects of modern circumstance. The projects visual identity is formulated by silent third member, Japanese graphic designer, Tetsu Okada. Tetsus graphics provide an accurate visual counterpart to Crispin and Andrew's musical themes. Life Death Indifference is PF's fourth and perhaps most visceral album to date. People who are interested in Coil Throbbing Gristle The Legendary Pink Dots should consider this download.
