Sic Life Volume 1 is a raw, unadulterated, emotional, painful, true journey into the life of one of the "Sic"est poets alive. 9 MP3 Songs SPOKEN WORD: With Music, SPOKEN WORD: Poetry Details: Rape, abortion, child abuse, sorcery and betrayal are just a few descriptive adjectives awaiting you on, Savonna's ferociously honest debut album. Born and raised in Newark New Jersey, Savonna lives, breathes and writes truth with painful, unabashed explicitness. Her poems are a reflection of her tortured past, agonizing present and uncertain future, and her style is best described as the result of a love triangle between Nina Simone, Edgar Alan Poe, and Frida Kahlo. Savonna takes the listener on a wild ride through her existence in this unprecedented, autobiographical , poetical journal...and this only volume one!
