[DOWNLOAD HERE](#)

Featuring 11 tracks of searing electro noise rock for the chronically disenfranchised. 11 MP3 Songs  
ELECTRONIC: Electro, ROCK: Experimental Rock Details: Marc Megan Tweed, joined by time traveling guitar strangler, Jeff Doom, investigate the possibilities presented by brain-damaging beats, shrieking guitars and the screams and moans of a grateful, cult-bound abductee. Formed in San Francisco in 2004, they've disgraced stages with the likes of The Prids, Sixteens, Ghostigital, Chow Nasty, Wormwood, Giant Squid, Hostile Comover, Indian Jewelry, The Long and Short of It and many others. With a recently completed full-length, "Spice Rack", under their belts (April 2008, Fainting Room), they're now working on new material and booking shows for 2008. People who are interested in Butthole Surfers Godflesh should consider this download.
